

ABOUT US

For more than 20 years of experience, **SEDIRKENT** is one of the most distinctive artisan Coffee Roaster in Turkey. The company blends, roasts and packs coffee at its factory in Ankara.

In this journey that started under the experience and leadership of the founder **Burak Sadık BESKONAKLI**; Sedirkent brand is meeting with its clients in hundreds of sale points throughout Turkey and Europe. With the best coffee beans from all over the world, you can either choose our leading blends, or we can offer customer's specific requirements also with their own label.

A photograph of three glasses of cold drinks on a white surface. The foreground glass is filled with a vibrant red liquid and topped with a slice of dried blood orange. A metal straw is inserted into the drink. In the background, to the left, is a glass of orange-colored liquid with a lime wedge. To the right is a glass of brown liquid topped with white foam and a dark garnish. The scene is brightly lit, creating soft shadows.
